

SCL Stats Submission

OVERVIEW

In previous seasons, the stats posted to the web site (50 runs or more or 5 wkts or more) have been collected from the results sheets faxed from Ian Latchem on a Sunday morning. This data is, inevitably, not accurate as clubs who do not transmit the information with the results get missed. Also, if clubs are going to submit their results on line (See results trial) then the statistics will also have to be submitted on line if this information is to appear on the web site.

It is therefore important that those clubs taking part in the results trial follow the instructions below, but also any club can also complete their stats on line to ensure that they are seen on the web site.

The statistics from both Ian Latchem's faxed result sheets and those submitted on line will be compared to ensure that all / the correct information is shown on the web site.

The stats appearing on the web do not form part of the year end statistics which clubs will be required to submit at the end of the season.

PLEASE NOTE INFORMATION POSTED WILL NOT APPEAR IMMEDIATELY ON THE WEB, BUT ONLY AFTER A DAILY UPDATE ROUTINE.

INSTRUCTIONS

Login as normal at <http://www.johnsqurrell.org.uk/somcric/UserLogin.php> using your username and password.

From the 'Welcome' page select 1st or 2nd XI Batting / Bowling stats as appropriate.

Select Add New.....

Select division (this only applies to clubs running more than 1 team in the selected XI competition) and then follow the on screen instructions before clicking the insert record button. You will then be returned to the same screen to enter another record, but if you have finished, simply follow the link to the forms menu. (Don't worry if you make a mistake, you can go back and make changes (See below)

If you need to make changes:

Select Update....

You will then be presented with a menu of all the statistics previously entered. Click on the link to the item you wish to change and follow the on line instructions.

If you need to delete a record:

Select Delete....

You will then see a list of all the records. Click the 'D' button next to the appropriate record. WARNING! This operation cannot be undone. If you delete the wrong record, then return to the 'Add New' page and re enter the information. Don't worry if you make a mistake as all entries can be updated or deleted.
